

## Seasons Greetings and Best of the New Year!

**Karen Loehndorf**

The charming artwork above is from a new book written and illustrated by Calgary's Eleanor Oltean. Eleanor is a poet and artist whose prairie paintings are in collections around the world. With this book her art moves in a new direction into the enchanted land of the elf, fairy, and pixie. Her paintings and verse bring children on a journey of beauty and whimsy. She believes that it is important for children to dream and to use their imaginations.

Canquest Mortgage believes in supporting the arts in Calgary. Bring the gift of imagination into a child's life and support Calgary's artists.
